MULTIPANEL COLOUR GUIDE

Choose your shower wall panels

93 finishes across six collections, from marble and stone to tile effect and wood. Take your time, pick a favourite, and just tell us its number.

- **30-year guarantee**
  Backed by the manufacturer's 30-year guarantee when fitted to their instructions.
- **Made in Britain**
  Made by Grant Westfield in Edinburgh, a family firm making panels for decades.
- **Solid and sturdy**
  11mm rigid laminate boards that feel firm and solid on the wall.
- **Waterproof, no grout**
  Hydrolock tongue-and-groove joints give a near-seamless, wipe-clean finish.

How to use this guide

Every finish has a number, like **No. 14**. When you've found the one you like, call, text or email Martin with the number and we'll do the rest.

Good to know

A few things worth knowing before you choose.

Seeing is believing

Colours in print and on screen can look a little different from the real thing. If you'd like to see a sample before deciding, just ask.

Natural variation

Marble, stone and wood designs vary a little from board to board, just like the real materials.

Panel sizes

Depending on the design, panels come in widths from about 600mm up to 1200mm. We'll plan the layout so the joins sit neatly.

Mix and match

The Pure and Tile collections share many colours, so you could have a tile-effect shower wall with plain panels elsewhere.

Prices vary by collection

Some collections cost more than others. We'll always confirm the price of your chosen finish before ordering.

Grab rails and seats

Thinking about a grab rail or shower seat, now or later? Tell us before fitting so we can plan solid fixings behind the panels.

Found the one you like?

Call or text Martin on **07734 703414**, or email **enquiries@cheshire-bathroom-fitters.co.uk**, with the number of your chosen finish.

Cheshire Bathroom Fitters · Bathrooms supplied and fitted across Middlewich, Northwich, Sandbach, Knutsford, Holmes Chapel and Winsford.
